(you can put 'don't know')

When was your piano last tuned -----

Is it badly out of tune -----

Does it 'hold' its tuning well -----

Is it tuned to 'concert pitch' -----

I would like a written valuation for

Insurance - replacement on a 'like for like' basis
- new for old

Resale value - what I can reasonably expect from a private sale

Advice before buying - what I should expect to pay (it's always wise to have a qualified tuner/technician to look at the piano as well)

I would like to know more about the history and make of my piano

I enclose a cheque for £42.00 (£35 plus £7.00 VAT) payable to Piano Auctions Limited, together with two photos and the completed form.
